

IEEE MTT-S International Conference on **Microwave Acoustics & Mechanics**

April 20-22, 2026, Barcelona, Spain

Conference Preliminary Program*

	Monday April 20th	Tuesday April 21st	Wednesday April 22nd
Morning Early 9:00-10:30	M1 Opening Session Keynotes	T1 Advanced filtering structures	W1 MEM switches and components
10:30-11:30	Coffee Break – MP1 Posters	Coffee Break – TP1 Posters	Coffee Break – W1 Posters
Morning Late 11:30-13:00	M2 Advanced electro-acoustic technologies I (High performance resonators)	T2 Non-linear characterization and modelling	W2 Sensors & Interrogation Techniques
Afternoon Early 14:00-15:30	M3 Simulation & Modelling I	T3 Advanced electro-acoustic technologies II (High performance resonators)	W3 Systems & Applications
15:30-16:15	Coffee Break – MP2 Posters	Coffee Break – TP2 Posters	Coffee Break – W2 Posters
Afternoon Late 16:15-17:45	M4 Filter synthesis and design	T4 Simulation and Modelling II	W4 Measurement improvements/ challenges

*All program details are provisional and may be revised. Any questions please don't hesitate to ask the Technical Program Chairs: juan.carlos.collado@upc.edu and david.molinero@ieee.org
